

TURRET MEDICAL CENTRE

PRE-APPT PHOTOGRAPHS GUIDE

- Use the best quality phone or digital camera you have available.
- Edit/crop photos before sending
- Include context and include a ruler or tape measure to show size if possible
- Do not send more than 4 images if possible. Send a photo from a short distance to show the context as well as close up (approx 20cm away) and from 2 different angles if possible
- Do not send dark or blurry photos – use flash or natural light to brighten the image
- Please orientate photos so patient's head is at the top of the image
- Send images to ggc.gp43044@nhs.scot
